

2005 WNV Surveillance Summary

Positive Test Results (01/01/2005 - 12/31/2005)

- County with no WNV reported
- County with WNV reported without human case¹
- County with WNV human case(s)²

¹ WNV positive test results for birds, mammals, or mosquitoes. Not all birds or mammals testing positive are ill or symptomatic of WNV infection. Some specimens are tested only for surveillance purposes.

² Three preliminary positive cases (Bronx, Manhattan and Westchester) had a travel history prior and during their incubation period.
